

NAPIER OLD BOYS MARIST Club Sponsorship Packages 2010

“Old Boys Marist – the club to support EVERY season”

MISSION STATEMENT

“To provide a sporting and recreational club for both men and women which encourages both individuals and teams to reach their maximum potential in their chosen sporting club endeavours.

In doing this it would always be our aim to maintain a fun club spirit, which treats every person equally and which ensures that the club runs on a profitable basis.”

SPONSORSHIP MESSAGE 2010

Already...we are set for another Rugby season...so what did happen to 'summer'? The Wellington 7's have been and gone and the Super 14 is already underway. Yes, the 'winter' code is upon us. It hardly seems as if the last one ended!

So it is time to talk about club rugby 2010 and all the things that this entails.

For any sporting organisation – and Napier Old Boys Marist is no different – the importance of sponsorship is vital. So, with this approach from us to you, we are asking you to come on board with us once again as sponsors of Napier Old Boys Marist rugby for the new season. It is a season that promises much: with a new coach, can the Premiers achieve the big one? Can the Colts repeat their competition win of last year? Can the Premier Development sustain the solid progress made last year? And can the Thirds recover the prowess that saw them win their competition a couple of seasons ago? All will be revealed as the season progresses of course, but without you, the sponsor, it will all be that much harder.

Of course our club is more than just rugby: we have the Marist Football, the Marist Netball and Old Boys Marist Cricket. When you sponsor Napier Old Boys Marist rugby you also get exposure to all of these other codes through signage, speeches, newsletters and networking communications. This is a lot of exposure to a lot of people each week throughout the rugby season, and longer. Join us in the clubroom on a Saturday afternoon and you will see the numbers of members that front up. It is a lot of people to receive your message.

This year we are offering, as usual, a number of differing levels in the 2010 Club Sponsorship package. We are certain there is one that will suit you. So if you are a returning sponsor, welcome back. Thank you for your past support and I trust you feel confident enough in the clubs' direction to want to remain part of the Old Boys Marist 'family'. To those of you that may be considering coming on board for the first time I would like to thank you for considering us and to assure you how much we value your input and support, just as we do the returning sponsors. Sponsorship truly is vital to grassroots sports in this 'professional' era so we would like to invite you along for the ride in 2010.

We want you all to feel an important part of our club. It is your club, as it is mine. I am very proud of Napier Old Boys Marist and I hope you are too. I look forward to seeing you at the best clubrooms in The Bay during the season to come. You will be made very welcome.

Gary J. Macdonald,
President.

FUTURE DEVELOPMENT FUND

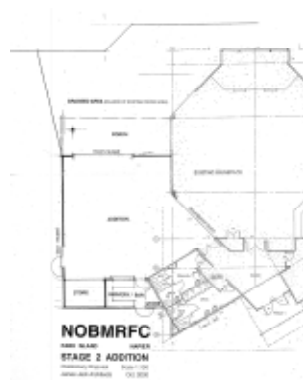

We would like to take this opportunity to provide you with an update on our “Future Development” plans.

Whilst visually there has been no change over the past year, be assured we have been working hard behind the scenes to ensure the strategic direction of our building and asset growth is done in a logical and orderly manner. As we have previously reported on, our initial growth focus is on the area to the left hand side of the clubrooms, with plans in place for the extension of our boundary, the installation of a children’s playground and then ultimately the building of a new lounge area to compliment our current clubrooms. Progress for these activities has been very dependent upon the Napier City Council constructing the path way and new entrance way to the Tremain Fields. With the council having completed this late last year, we have swung into action and are now looking to make our planned changes. Over the next few weeks you should see a new boundary fence installed, with the playground due to come later in the year. As a result of wanting to maximize available grant funding, we have chosen to wait until approx April before starting the playground installation. Whilst we are fortunate enough to be able to fund both the fence and playground with our cash reserves, we feel the chance of having a substantial amount of the costs meet by a funding agency is worth waiting a couple of extra months.

Once again, if you as a valued sponsor wish to find out more about these development plans and possible options that they may present to you (naming rights, sponsorship, additional contributions etc) then we would be pleased to hear from you.
